

DOES YOUR TREE LOOK LIKE THIS?

WE CAN HELP!

English Ivy consuming a
Sweet Gum tree

Invasive vines such as English Ivy, Wintercreeper, and Asian Bittersweet can damage and eventually kill your tree. The Vanderburgh County CISMA can help! At no cost to you, we will treat a selected tree on your property to demonstrate how to manage this problem. Must reside in Vanderburgh County and provide a picture of your tree to sign-up. Send requests in by August 1

Limited spots available!

What we need from you

- Picture of entire tree
- Picture of vine infesting the tree
- Your contact info (email/phone)
- Best time to reach you

Request a no cost demonstration by sending an email to:

vanderburgh.cisma@gmail.com
