

# 2024 III Regional Invasive Species Training:

9:30 AM – 3:30 PM Local Time

Indiana Invasive Initiative Mission: **To engage people and partners in the restoration and protection of Indiana’s natural resources by cultivating and coordinating invasive species management.**

Each workshop will consist of

- Plant identification via a classroom session and a field session
- Management technique demonstration while conducting a mini-Weed Wrangle on site.

Agendas and plant lists will be adjusted as appropriate per site conditions and attendees.

## **General Agenda:**

9:00 AM registration

9:30 AM Species identification (classroom session)

11:45 AM Lunch onsite (participants bring their own lunch/drink/snacks)

12:30 PM Management techniques (classroom session)

1:30 PM Break

1:45 PM Field session (onsite plant identification, technique demonstration and Weed Wrangle)

3:30 PM Training Ends
